

PTT Tank Terminal Company Limited

Invitation to Bid (ITB) of EPCC Bidders for

Ammonia Heat Exchanger Project

in Map Ta Phut Port, Rayong, Thailand

PTT Tank Terminal Co. Ltd. (PTT Tank), a fully owned subsidiary of PTT Public Co. Ltd., wishes to invite competent contractors (Bidders), joint ventures, or consortiums to submit proposal for the tender for Engineering, Procurement, Construction, and Commissioning of a new Ammonia Heat Exchanger at its Rayong plant. The project shall be carried out on the lump sum turnkey basis. The Contract is targeted to be awarded to successful Bidders (LOI) in November 2018. The entire project is targeted to be completed and ready for commercial operation by Q3 of 2019.

Prequalification requirement for Bidders is having the past experiences as shown below and also be required to demonstrate the good history records of corporate, financial, SSHE, and credit status.

- Having the past experiences of at least 5 (five) Lump Sum Turnkey EPCC projects in petrochemical and/or petroleum fields which were successfully completed within the past 10 years. Each project shall have a value of more than 50 Million Thai Baht.
- Having the past experiences of constructing at least 2 (two) heat exchanger which were successfully completed within the past 10 years.
- Having the registered capital not less than 10 million Thai Baht
- If the Bidders are joint ventures or consortiums, the bidders shall have a clear record of business collaboration under such joint ventures or consortium for at least 5 years.

The ITB Package will be available to the authorized representatives of the interested Bidders who appear in person with Power of Attorney or Authorization Letter signed by the person who legally has the authorization power and copy company registered, passport or ID during normal business hours (9.00 - 17.00 hrs. except lunch break) on October 8 – 12, 2018 at:
